## Co-production

An asset-based approach to public services that enables people providing and people receiving services to share power and responsibility, and to work together in equal, reciprocal and caring relationships. It creates opportunities for people to access support when they need it, and to contribute to social change.

Value all participants, and build on their strengths

Develop networks of mutual support

Do what matters for all the people involved

Build relationships of trust; share power and responsibility

People can be change makers, and organisations enable this

For a fairer and more sustainable Wales where everyone has a voice.
